Replacing crankshaft position sensor is easy, do it yourself project. Replacing CPS sensor may fix the crank and no start conditions. To perform this repair yourself follow step by step instructions provided below.

### **DIY Mercedes-Benz Crank No Start Crankshaft Position ...**

There is a yellow connector beneath the seat, this houses all the connections to the seat pad sensor and links its signals to the ABCM. It is very common for the wires to and around this connector to break (seat-side) as they are very fine conductors indeed and this is compounded by a slight design flaw, in that the cable that enters the seat base to the matrix is tie-wrapped to a metal seat ...
