Mercury Impeller at wholesale - Impellers

Mercury® jet-drive outboards are specifically designed to pilot boats in shallow waters where propeller-driven hulls are unable to operate. Because there's no lower unit extending below the hull, the jet drive permits passage over obstacles that would restrict access to a propeller-driven outboard boat.

I thought I would provide an update. The Mercury Optimax Sport Jet performed flawlessly this summer at our Canada Cabin. Started easily every time, averaged about 4-5mpg, running mostly 3500-4200rpm. Had plenty of power to get up powerful rapids with minimal cavitation. Not a single issue with clogged intake from weeds. Put on 75 hours.
