Level 1 Technical – Polycom Voice V3 Page 5 of 16 3 - Key Features (Desktop and Conference Phones) There are several features which are supported by the desktop and conference phone devices

Level 1 Technical - Polycom

In a previous series of articles the configuration and registration of Polycom SIP phones was covered in detail with directions specific to using the previous Polycom Unified Communications Software (UCS) 4.0.x firmware release. The Lync interoperability story changes quite a bit for these

device families in terms of available features and provisioning steps with this new software.
