furnace's intended temperature-rise range with a duct system which has an external static pressure within the allowable range, as specified in ducting section of these instructions. see also furnace rating plate. when a furnace is installed so that supply ducts carry air circulated by the furnace to areas outside the space containing the ...

INSTALLATION INSTRUCTIONS - jmargolin.com

IE: "4299" means 42nd week of 1999. UGPH models typically have a 5 year warranty on the IFC and the Draft inducer and 20 years on the heat exchanger. All other parts were one year. I think maybe some of the newer models of UGPH had 5 years parts but that could have started with the UGPN that replaced the UGPH.
